I can read Roman numerals to 100 (I to C) and understand how the numeral system changed.

can solve number and practical problems using place value.

I can round any number to the nearest 10, 100 or 1000.

I can identify, represent and estimate numbers.

I can order and compare numbers beyond 1000.

I can recognise the place value of each digit in a 4-digit number.

I can count backwards through zero to include negative numbers.

I can find 100 more or less than a given number.

I can count in multiples of 6, 7, 9, 25 and 1000.

Number, place value and rounding **Mathematics Programmes of Study**

I can solve mental calculations with increasingly large numhers

I can solve subtraction two-step problems deciding which operations and methods to use and why.

I can solve addition twostep problems deciding which operations and methods to use and why.

I can use inverse s to check answers to calculations.

I can estimate to check answers to calculations.

I can subtract numbers with up to 4 digits using efficient written methods.

I can add numbers with up to 4 digits using efficient written methods.

I can recall x and ÷ facts for multiplication tables up to 12 x 12.

I can solve problems

involving multiplying

I can multiply and divide

three-digit numbers by

a one-digit number.

I can multiply two-digit

numbers by a one-digit

number using a formal

I can recognise and use

factor pairs in mental

calculations.

I can multiply

together three

I can use place value,

I can use place value.

to multiply mentally.

known and derived facts

to divide mentally.

known and derived facts

numbers.

layout

and dividing.

an object by a 100 and dividing 10ths by 10.

100ths and recognise that 100ths arise when dividing

hour to minute).

I can solve problems

involving converting

minutes to seconds:

years to months and

I can read, write and

and 24-hour clocks.

convert time between

analogue and digital 12

I can estimate, compare

and calculate different

measures, including

pence.

counting.

money in pounds and

I can find the area of

rectilinear shapes by

I can measure and

calculate the perimeter

of a rectilinear figure

(including squares) in

I can convert between

different units of measure

(e.g. Kilometre to metre;

centimetres and metres.

weeks to days.

from hours to minutes:

and sizes.

geometric shapes, including quadrilaterals and triangles, based on their properties

charts.

I can solve simple measure and money problems involving fractions and decimals to two decimal places.

I can compare numbers with the same number of decimal places.

I can round decimals with 1 decimal place to the nearest whole number.

I can find the effect of dividing a number by 10 and 100 and identify the value of the digits in the answer.

I can recognise and write decimal equivalents to 1/2, 1/4, 3/4.

I can recognise and write decimal equivalents of any number of 10ths or 100ths.

I can add and subtract fractions with the same denominator.

I can recognise and show, using diagrams, families of common equivalent fractions.

can count up and down in

Measures

a given polygon.

and draw sides to complete

I can plot specified points

I can translate shapes.

I can describe position on a 2-D grid as co-ordinates in the first quadrant.

I can complete a simple symmetric figure with respect to a specific line of symmetry.

I can identify lines of symmetry in 2-D shapes presented in different orientations.

I can compare and order angles up to two right angles by size.

I can identify acute and obtuse angles.

I can compare and classify

Geometry

can use a range of scales when interpreting and presenting data.

I can solve 'difference' problems using information presented in bar charts, pictograms, tables and simple line graphs.

I can solve 'sum' problems using information presented in bar charts, pictograms, tables and simple line graphs.

I can solve 'comparison' problems using information presented in bar charts. pictograms, tables and simple line graphs.

I can interpret and present data using line graphs.

I can interpret and present data using bar
