

Literacy/Grammar

Building on the sentence building work we carried out over the lockdown developing the comprehension and writing skills needed for secondary school.

To tie in with our topic this term our key text will be 'The Hobbit' by J.R.R. Tolkien. Assignments will include: settings for stories, building an argument from both sides and letter writing.

We will also be covering the Year 5/6 Grammar curriculum. This year there will be weekly spellings to learn.

Art & Design

We have an exciting topic to create our own battle tapestry.

Oakwood Class: Autumn Curriculum News,
This term's topic:

Anglo Saxons and NORMANS

History

This term we will be investigating the world of the Anglo Saxons and Normans. Including the Sutton Hoo discovery and the Battle of Hastings.

Maths

Place value: Including rounding up to 7 digit numbers.

The four rules: Including addition and subtraction, estimating, multiplication and division (long and short methods) prime numbers.

Fractions: including adding, subtracting, multiplying and dividing.

Science

In science we will be exploring properties and changes of materials. This will include changing states of materials. Asking questions why do some metals rust? and how do some materials dissolve.

R.E.

In RE we will explore how Christianity came to the UK why did it become popular what did people believe before?

Computing

In computing we will be producing an electronic presentation on Saxon England.

P.E.

We will be running and playing cricket with support from the Sussex County team.

Relationships and Health Education (RHE)

Settling back into school. How to feel good about ourselves. What positively and negatively affects health and wellbeing.
